

POLK COUNTY COMMUNITY HOUSING STUDIES

WHAT IS THE POLK COUNTY HOUSING STUDIES PROJECT?

Polk County and the communities of Amery, Balsam Lake, Clear Lake, Dresser, Luck, Milltown, Osceola and St. Croix Falls, in coordination with the Polk County Economic Development Corporation and the West Central Wisconsin Regional Planning Commission, have joined together to undertake community housing studies. The project will help officials, residents, and developers better understand the housing supply, needs, preferences and demand in Polk County.

WE WANT YOUR INPUT IN THE WORKFORCE HOUSING SURVEY!

Working with the University of Wisconsin - River Falls Survey Research Center, a survey will be mailed to a random sample of working households throughout the County. This survey will help identify the housing needs and preferences of the Polk County workforce.

If your household receives a survey, please complete it as it will benefit the overall study results and help communities identify specific needs. Your response will be treated in a confidential manner.

YOUR PARTICIPATION IS GREATLY APPRECIATED!

For more information on the Housing Studies and/or the Workforce Survey, please contact Vince Netherland of the Polk County Economic Development Corporation at (715) 405-3400 or at director@polkcountyedc.com.

This project is funded in part by the Wisconsin Department of Administration, Division of Energy, Housing and Community Resources.
