**COMMENTS/SUGGESTIONS FROM PRE-REGISTERED CITIZENS:**

- a. Louie Vollrath was in attendance regarding two items. The first being will the American Legion be involved at all with the new Community Center and any space for storage for them. Meetings will be allowed with the coordination of the Village Office. The lease was discussed as well. The lease has expired due to it not being followed. Secondly, if there is any other options or room for the storage of items that belong to the Snowmobile Club that are currently in the Quonset Hut. Larry stated that they'd look into this more. They need at least a 10'x10' area for the snowmobile club items.
- b. Chris Hendren was in attendance regarding the zoning of the property at 113 Main St. W. He is wanting to have church on the one side (west) of the building and wanting to live on the other side (east). Chris talked about the quality and beauty of the church. Chris mentioned working with Jeanne; for example – bingo or movie night. Chris wants to preserve the church. Chris also talked about finances. He also stated that he was aware of conditional zoning. Chris wants it conditionally zoned so he can live there. Larry stated that we would need to talk with zoning/Cedar Corp and get back to him.

**CEDAR CORPORATION:** A unanimous Studtmann/Zbleski motion approved the Community Center Change Order #1 from Cecil builders, in the amount of \$33,491.15. This includes:

- The removal and disposal of the unforeseen existing foundations and foundation walls with rebar
- Removal of steel septic tank
- Additional piping due to a discrepancy in the plans
- Extra 4" sanitary line due to going from two cuts down to one; it was also noted that there will be a deduction for the cost of not doing the asphalt/repair on the road

Discussion continued about them using our pit for waste. They used our loader for sand but had to bring in their own CAT to push everything over the bank. Cedar did allow 10% for unforeseen conditions. We are still slightly below budget with this change order.

Discussion on the one cut (street/curb) vs. two cuts. The contract stated two cuts, someone else communicated one cut. Brandon will assure the credit coming through is accurate.
